WEBEXPRESS AND WEBEXPRESS PRO DOMAIN NAME SETUP

SAGE WebExpress (your free personalized website that comes with your subscription to a SAGE research tool) and SAGE WebExpress Pro both offer the ability to use your domain name. If you already have a domain name that you would like to use, or you would like us to register a new domain name for you, select the appropriate option below and fill in the domain name.

If you plan to use your own **domain name** list it here: _____

- It is already registered. I will handle re-assigning it to the SAGE servers.
- Email me instructions so SAGE can handle re-assigning my domain name to point to the SAGE servers (FREE).¹
- I want SAGE to register the new domain name for me.² Please visit www.sageworld.com to find an available domain name. Then write it below and select domain name registration under Internet Marketing above.

Domain Name Choice: _____ . _____ (.net, .com, .edu, .org, .info, .biz)

¹ We will need information from you in order to complete your domain name transfer. This information will be requested via email. If we do not receive the information within 10 business days we will cancel the transfer request.

² Domain names are registered through Network Solutions. After the initial term expires, you will be billed by us at the then-current rate (currently \$35 per year). Failure to timely pay your bill will result in the expiration of (and possible loss of) your domain name. If you choose to register a name yourself, you may use any registrar.
